---

## 1. How does this work?

---

## 2. How do I create a Metropolis Account?

---

## 3. What do I do the next time I come back?

---

## 4. Monthly Parker?

## Metropolis makes parking remarkable.

---

### Sign up is a breeze.

Scan one of the QR codes posted at the parking facility to start parking. No need to download an app.

### Enjoy touch-free payment.

Just add your license plate number and credit card for contactless payment. Next time you visit a Metropolis facility, just drive in and drive out.

### Contactless time stamping.

We'll send you a text message when you enter and exit the facility. Your parking session is automatically charged to your credit card after exiting.

---

Just scan one of the Metropolis QR codes in the parking facility with your phone's camera.

Then, just follow the prompts in the app – you'll need a credit card and your license plate number.

---

Just drive in. You'll receive a text message when you enter.

---

Follow the previous steps to set up your account. Once finished, use the menu (hamburger icon) to navigate to "monthly subscriptions".

Find your location on the map, select your rate, and then check out! You can now enter and exit the location without receiving text messages.
